#### LEIST AWAITING DEFINITE WORD FROM RED CROSS

THOSE HERE RESTLESS

Conditions "Ideal," Reports  
Committee Chairman

Definite word as to when Portsmouth refugees housed in Circleville will be permitted to return to their homes was expected Friday by Carl C. Leist, Red Cross chairman.

Mr. Leist telephoned Red Cross headquarters in Portsmouth Friday morning in an attempt to gain some information. He explained refugees here had learned of arrangements being made in Columbus to evacuate 1,300 to their homes. This information, he explained, made those here restless for some word as to when they would be permitted to return.

Conference Held Friday  
Mr. Leist was informed a conference of Red Cross officials was being held in Portsmouth today and some definite information could probably be announced during the afternoon.

Announcement of the removal of the refugees from Columbus followed a conference of Red Cross officials, relief workers and the mayor Thursday night.

The Columbus mayor requested the Red Cross to return the refugees before the 10-day quarantine is lifted at noon Saturday. He explained he believed the emergency had passed in Portsmouth and he believed they could be cared for there as well as in Columbus.

Removed Over N. & W.  
They will be returned on the Norfolk & Western railroad. Local relief officials have been provided cards by officials of the railroad (Continued on Page Eight)

#### SUPPLY TRUCK, CAR FIGURE IN ROUTE 23 CRASH

An auto driven by Vincent Biltz, Lorain, O., was damaged Thursday night when sideswiped by a truck on Route 23 about two miles south of Circleville.

Officers said the truck was driven by C. W. Teale, of 215 S. Fifteenth street, Coshocton, who was returning to his home after taking a load of supplies to flood victims at Portsmouth.

Biltz was accompanied by two sisters, Delores and Dorothy. The driver of the truck was accompanied by his brother, J. F. Teale. No one was injured.

Officers said Teale did not know he had struck the car until he was notified by state highway patrolmen just south of Columbus.

#### MAN, 36, SAVED FROM COAL MINE

Robert Johnson Removed By  
Workers After Eight Days  
Under Ground

FLEMINGTON, W. Va., Feb. 5.—(UP)—Robert P. Johnson, 36, imprisoned in an abandoned coal mine near here eight days, was found alive today by a crew of volunteer rescue workers.

Trapped behind two slate falls beyond a subterranean pool that had been drained, Johnson was so weak from hunger and exposure he could hardly talk. It required three hours and 45 minutes to bring him to the surface.

Johnson, a rural mail carrier, leased the old mine recently and was exploring its workings when he became trapped. He spent eight days and nine nights in the cold, damp passageway about 2,500 feet from the surface.

Crews Go to Work  
Soon after Johnson disappeared volunteer crews, CCC and WPA workers, and state mining department officials began draining the pool of water in the mine so they could go beyond to search for him.

As a week rolled by and little progress had been made toward finding him, hope that he would be found alive was virtually abandoned.

Early today, when the pool had been pumped to a depth of three feet, a weary group of 20 men decided they could go beyond the pool.

Four or five men, led by Mike Stanko and Carl Westfall, two veteran miners, and Omar McNeff, who was in the mine with Johnson when he disappeared, waded through the pool.

Beyond the pool, a slate fall blocked their path. It was precarious work but one by one they squeezed through a hole scarcely large enough for a man. At any moment they might have been trapped under additional falls of rock.

Once past the barrier, they proceeded slowly. Someone heard a sound. They stopped. It was a faint human cry. They rushed forward again and behind a second slate fall they found Johnson, conscious but barely alive.

"We've found Johnson," he cried and then hurried back to the (Continued on Page Eight)

Tax Committee Studying Act  
to Relieve Relief Burdens

COLUMBUS, Feb. 5.—(UP)—An administration-sponsored bill that would give county commissioners power to tax doctors, dentists and other professional workers and levy additional taxes on business houses, liquor retailers and motorists was pending before the house taxation committee today.

The bill, introduced yesterday by Rep. S. J. Zabolny, D., Cuyahoga, and immediately referred to committee, is designed to aid counties in meeting flood and poor relief burdens.

By a majority vote, commissioners could assess business places \$25 annually and levy a \$5 tax on each worker employed.

Gross Tax Provided

A three per cent tax on the gross earnings of professional workers also is provided.

Motorists could be taxed one-half the amount paid for their license plates and beer and liquor retailers could be assessed one-half the amount paid for their licenses.

In anticipation of these tax revenues, commissioners could issue short term notes bearing four per cent interest to raise immediate funds.

A Lee Fair, D., Holmes, introduced a bill providing free text books to all school children in the (Continued on Page Eight)

#### PRESIDENT ACTS AS WAGNER LAW CONTEST NEARS

Executive May Name Member  
of Court When Justice  
Declines to Retire  
at Age of 70

WASHINGTON, Feb. 5.—(UP)—President Roosevelt today proposed to congress sweeping reform of the judiciary including the right to appoint as many as six new justices of the Supreme Court if present justices over 70 years old do not choose to retire.

The sensational proposal of the president was submitted after consultation at an emergency session of cabinet officers and congressional leaders.

Mr. Roosevelt's plan, submitted on the eve of Supreme Court argument and after the New Deal squarely grips with the frequently discussed issue of constitutional change and Supreme Court reform.

May Name Others

Mr. Roosevelt asked authority to appoint additional federal court judges and justices in all cases where the sitting judge has reached the age of 70 and does not choose to retire.

The draft of proposed legislation submitted by Mr. Roosevelt contained a proviso that the Supreme Court membership should not be increased to more than 15 justices under this program. Since six of the present high court justices have reached the age of 70, Mr. Roosevelt would be empowered to name six more justices under the proposal.

The president's plans—submitted to congress with a suggestion that New Deal forces on Capitol Hill quickly move to enact them into law provided:

1. That in each instance where a federal judge reaches the age of 70 and fails to retire that the president be empowered to name an additional judge, providing such appointments do not increase the number of Supreme Court justices above 15 nor 50 for the judiciary as a whole.

Notice Demanded

2. That no federal court be allowed to issue any decision or injunction involving constitutional questions without ample previous notice to the government; and that immediate appeals of all such (Continued on Page Eight)

POOR COMPLEXIONS OFTEN TRACED TO CONSTIPATION

An unattractive, sallow skin and dull, lifeless eyes often mean that common constipation has clogged up your system. You feel wretched and listless, may have headaches. This condition is usually the result of meals low in "bulk." Restore this "bulk" with Kellogg's ALL-BRAN.

Within the body, ALL-BRAN absorbs twice its weight in water, forms a soft mass, gently exercises and cleanses the system. Isn't this cereal way better than taking weakening pills and drugs?

Try Kellogg's ALL-BRAN for a week. If not satisfactory, your money will be refunded by the Kellogg Company.

Serve ALL-BRAN as a cereal with milk or fruits, or in recipes. Just eat two tablespoonfuls daily. Three times daily in severe cases. Sold by all grocers. Made and guaranteed by Kellogg in Battle Creek.

## Woman Preacher Devotes Entire Time to Peace Work

DR. AGNES MAUDE ROYDEN, English woman preacher, is in the United States to take part in an active fight to abolish war, which is titled the Emergency Peace Campaign. Dr. Royden is considered by many as the greatest preacher of her sex in the world.

Dr. Royden has been preaching for decades. First under a Church of England rector who evaded the fact that women are not allowed to preach in his denomination by announcing, "The service is at an end. Miss Royden with now talk."

Dr. Joseph Fort Newton made her his assistant at London's City Temple in 1917. With Canon Percy Dearmer, she founded Fellowship services at Kensington town hall, and later set up as an independent minister a Guildhouse in London.

Last December Dr. Royden gave up her pulpit and now plans to devote all her time to preaching peace.

On her arrival in America a weekly news magazine quotes her as saying, "Women have not counted for much in the way of peace accomplishments. The trouble is that although women's organizations have done their best, the mass of women are not interested in politics. You see, they do not realize that questions of war go much deeper than mere politics."

Dr. Maude Royden

Albritton to Take Part in  
Millrose High Jump

COLUMBUS, Feb. 5—(UP)—Coach Harold G. Olsen and his Ohio State basketball team were en route to Minneapolis today on a week-end jaunt that may make or break their title chances in the Western conference basketball race.

The Buck squad left here last night and was to make a short stop at Chicago. The Scarlet and Gray cagers will work out lightly on their arrival at Minneapolis.

Ohio meets Minnesota tomorrow night in an important Big Ten contest and then opposes Wisconsin at Madison Monday night.

The Bucks downed both Minnesota and Wisconsin in games here. However, unless the team shows considerable improvement over its performance against Chicago in its last start Ohio will find the goal very rough.

While the basketball squad is in the Northwest, Track Coach Larry Snyder has a small group of athletes in New York for the Millrose games tomorrow night.

The outstanding Ohio performers in the metropolitan meet will be Charley Beetham in the 600 meter run and Dave Albritton in the 1500 yard relay race.

A sample of the sizzling golf in prospect was given yesterday when Johnny Revolta rounded the 72-par layout in 69 and Henry Picard carded a 70.

CHUCKOVITS MAY  
BEAT WOOSTER  
ACE IN SCORING

COLUMBUS, Feb. 5—(UP)—A "kid" that liked basketball so well he frequently "played hokey" from grade school classes to practice, today was Ohio's leading individual scorer and a threat to the state's all-time collegiate scoring record.

He is Charles Harold Chuckovits, sterling sophomore forward of the great University of Toledo quintet.

"Chuck" has piled up a total of 190 points in 13 games this season. He still needs 107 points to break the mark that Nick Frascella of Wooster hung up just a year ago. Chuckovits has nine contests yet to play and a continuance of his average of 14.5 points per contest will bring him the coveted record.

The Rockets' ace is conceded an excellent chance of shattering the record as the contests he has left to play are not against as formidable a set of foes as encountered in early season battles.

MUSKINGUM AND  
CASE TO FIGHT  
FOR LOOP HONOR

COLUMBUS, O., Feb. 5—(UP)—Two of the Ohio conference's undefeated teams, Muskingum and Case, meet tonight at New Concord in a battle that may decide the quintet that will succeed Marietta as the league's ruler.

The contest headlines a seven game schedule involving state teams.

Muskingum has captured eight consecutive league contests and Case has taken three straight conference games.

The fast improving Wooster college quintet pushed itself higher in the Ohio conference standing when it defeated Otterbein 43 to 30 in the only collegiate contest played in the state last night.

The triumph was Wooster's sixth in league play as against two setbacks. It was Otterbein's first loss to a conference opponent after six straight triumphs.

The stellar Nick Frascella paced Wooster with 15 points. Sam Loucks, a mate of Frascella's on the all-conference quintet last season, led Otterbein with 12 markers.

HUNTERS MUST  
WEAR NUMBERS  
UNDER NEW ACT

Under a bill passed by a vote of 117 to 4 in the House of Representatives Thursday and sent to the senate for approval, Ohio hunters would wear numbers, one inch high, on their backs. These numbers would be issued by the state division of conservation when licenses are purchased. The bill is sponsored by Representative Frank Grubbs, Democrat, of Fayette county.

Five other bills dealing with hunting and fishing were considered. One bill would provide licenses for pheasant and ruffed grouse propagation on farms. It would allow licensed farmers to kill a certain number of the birds for market. A farmer could also charge fees for hunting privileges during a period longer than the open season.

Other bills introduced would charge nonresidents hunting license fees, in no case less than \$5; transfer the payment of costs in prosecution of fish and game violation cases from the counties to the state conservation council; license those engaged in propagation and stocking of fish, and regulate the placing of commercial nets in Lake Erie.

## TARLTON

The Presbyterian Ladies Aid met Friday evening at the home of Mrs. Myrtle Reichelderfer and elected the officers for the new year as follows: Mrs. W. I. Spangler, president; Mrs. Anna Pontius, vice president; Mrs. Clara Macklin, treasurer; Mrs. Myrtle Reichelderfer, secretary. After the business meeting and old fashion taffy pulling was enjoyed by 16 ladies. Ice cream and cake were served.

Mr. and Mrs. Claude Kreider and son of Kingston were Sunday dinner guests of Mr. and Mrs. Carl Kreider and family.

The Presbyterian and United Brethren ladies met at the home of Mrs. Jennie Spangler all day Thursday to sew and make comforts for "flood sufferers."

## ONE-ROOM SCHOOLS FADE

PITTSBURGH (UP)—The one-room school is fast disappearing from populous Allegheny county. Dr. Charles E. Dickey, superintendent of county schools, reports that 200 of the old-fashioned buildings have been locked within the past ten years and that only 20 will remain at the end of 1937.

## Babb Has Bad Foot

Kroger Babb, popular Wilmington basketball official, will have a real job on his hands in the Pickaway county tournament in two weeks.

Babb has been under the weather with a foot injury suffered in an automobile wreck. Team pairings will take place Saturday morning. Some ironing out will be necessary since all schools do not have girls' teams. Monroe has not played at all, but Salt Creek started the season only to give up after playing a few games. Superintendents will gather in G. D. McDowell's office to draft the schedule of games and decide the standing of the various teams. Since only four girls' teams can get into the tournament because of the state law preventing more than one game a week, the correct standing is important. \* \* \*

## Landrum Twists Ankle

Tiger Coach Jack Landrum turned an ankle and was hopping about with difficulty Friday. Whether he would be able to take his boys to Beasley tonight was not certain. Either Principal Reger or Faculty Member Cress would probably be in charge if Landrum is unable to make the trip. \* \* \*

## Scots Too Powerful

Wooster college Scots made short work of a heretofore favored Otterbein quintet Thursday evening in an Ohio conference cage game. Wooster had too many guns for the drytowners with Frascella, Drabentst, and Henderson far outshining Otterbein's Sam Loucks and Lou Rutter. The latter has been ill the last several weeks, so say his college mates, and not up to from. Wooster won 43-30 and could have had a much longer lead had it been desired. \* \* \*

## SCOTT'S SCRAPBOOK

## CONTRACT BRIDGE

DECLARER WAS RATTLED. THE OTHER evening an ordinarily calm and able player was off his game evidently. He first lost game by failing to rebid a strong five-card major suit, that partner would have supported if rebid. He overbid needlessly. He gave partner a discouragement card, when he should have given him an encouragement card, thus losing game to opponents. Evidently he was rattled. On the deal shown here he both bid and played incorrectly, for a bottom score.

Bidding went: North, 1-Diamond; East, 2-Clubs, which both South and West passed; North doubled, calling for partner's best bid; South, 2-Spades; North, 3-Diamonds. Perhaps South should have let the bidding die there, but North was so dependable ordinarily that South thought he was expected to show hearts, if reasonably possible, so South bid 3-Hearts, which North shifted to 3-No Trump and West doubled. South hesitated whether to carry partner to 4-Diamonds, but finally

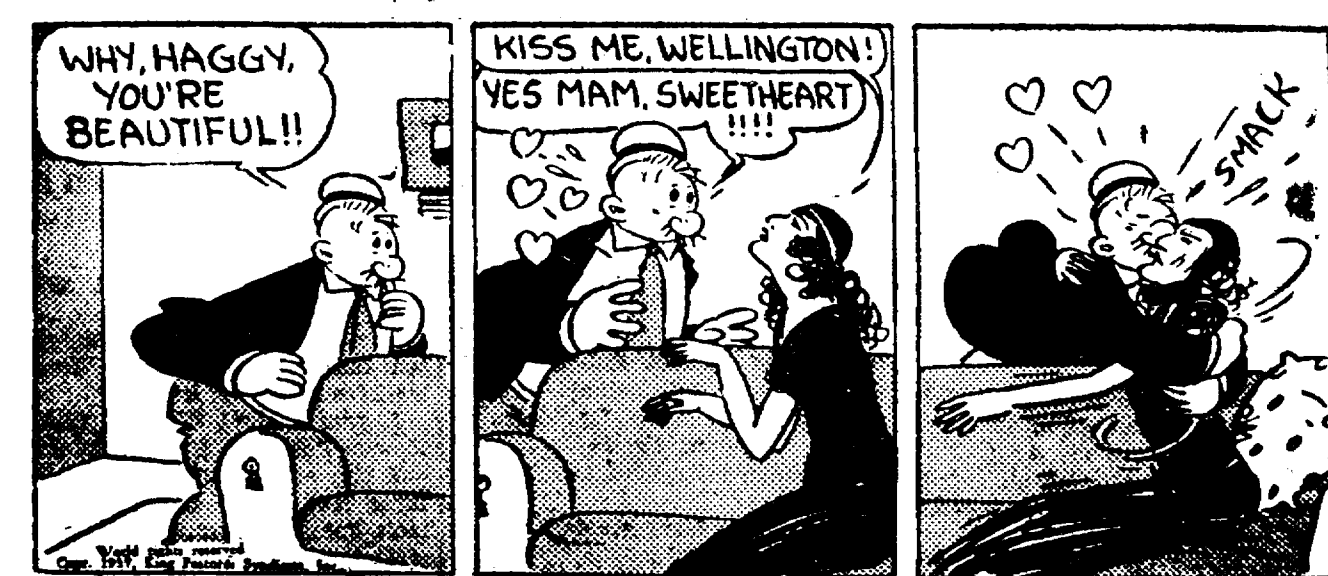

decided not to do so, and passed. The opening lead was the 4 of clubs. Dummy's Q held the trick. Probably North could have gone game, doubled for top score, had he played with his usual skill. At once declarer should have led the J of diamonds, then won with his K, as if he lacked the Q. The J or 10 of clubs should have been led. If East failed to win the trick, a low heart should have been led. Doubtless East would not have put up his Ace. A good guess of the K to play, would at once have yielded game. The two club tricks and the trick in hearts would have given declarer three tricks. The Ace of clubs and his five diamond tricks would have totalled nine. Of course the contract could have been defeated by East's at once taking his K of clubs, presuming North played as suggested. The Ace of spades might have been led, followed by the Q, which West might overtake with the K, and lead the good J for the fourth defensive trick. But then the Ace of hearts would have been the only other trick possible for defenders to win, as dummy's K of hearts and 10 of spades would have been good, so also would have declarer's diamonds and clubs. But going down on the cards properly played was impossible. Instead of playing as North afterwards admitted he should have done, he tried to establish dummy's spades, then led his J of hearts and finessed it, winding up by going down three tricks doubled. Certainly he was rattled.

# ST. 20-23 TENTATIVELY FIXED AS DATES FOR PUMPKIN SHOW IN 1937

## EVENT FOLLOWS LANCASTER FAIR ANOTHER YEAR

D. Krinn, Robert Colville Named Vice President and Treasurer

### FINAL REPORTS SUBMITTED

Baughman Lists 870 Entries in All Parades

#### BULLETIN

Mayor W. J. Graham announced at 1 p. m. today he had just received a call from Lancaster officials announcing the dates of the Lancaster fair as "Oct. 13, 14, 15 and 16. "This will make our dates certain," the mayor said.

T. D. Krinn, veteran amusement director of the Pumpkin Show, was re-elected vice president of the show society Thursday night at a meeting of directors held in the council chamber. Robert G. Colville was re-elected treasurer. Mayor W. J. Graham is president ex-officio.

Employment of the secretary was deferred until a later meeting.

Dates tentatively selected for the 1937 show are Oct. 20, 21, 22 and 23. They will not be definitely established until information is received from Lancaster on the time selected for the annual Fairfield fair. The Pumpkin Show in recent years has been held the week after the Lancaster fair. Directors have found this plan most satisfactory as concessionaires move here from Lancaster.

Final reports on two departments were submitted at the meeting. Proctor Baughman, director of parades, reported total expenses in his department as \$780. This figure included \$640 for premiums and \$140 for miscellaneous expenses.

There were 870 entries in all parades.

J. F. Mavis, director in charge of the poultry and pet exhibits, reported expenses of \$56.35 and listed entries in this division at 213.
